FINANCIAL DON'T DELAY MAKING YOUR WILL

Wills, naming this Company as executor, are drawn and kept free of charge. Should you wish any information upon this vital, important matwe shall be glad to give it. Making a will is a duty you owe your wife, children and to society. It is a matter from which all sentiment should be excluded. There are many who refrain from making their will from the delicacy in discussing their personal property and effects and disposition thereof. This is really but another reason why you should name a company, such as ours, to act as your executor. The friend you might cose to act in that capacity may not be your remove from the city or have other interests of greater personal importance to himself. This company holds the making of wills in the strictest confidence and by virtue of its standing and experience is in a position to give you valuable inormation relative to making profitable investments of trusts funds and otherwise making the estate as remunerative as possible to the heirs, Another argument in naming this company as exscutor, instead of an individual, is its perpetuity, as individuals must die, and are otherwise subject to human frailties. This company is liable for \$2,500,000 and has \$312,500 deposited with the controller of the Treasury for the faithful performance of all trusts, and any improbity of which would cause it to lose its charter. The thoughtful and intelligent will recognize many other reasons why it is best to name a company such as this as executor, administrator or trustee in preference to an individual. We shall be pleased to talk the matter over with you at any time.

MR, NETTLETON MAKES CHARGES. mal Scene Today in the Ellis Islan Inquiry.

THE ASSISTANT SECRETARY AND THE CHAIRMAN HAVE A TILT-MR. NETTLETON ACCUSES SUPER INTENDENT OWEN NOT ONLY OF INCOMPETENC BUT OF GROSS MISCONDUCT IN OFFICE. The Ellis Island investigation by the joint Senate and House committees on immigration

Senate and House committees on immigration this morning was marked by animation and tartness. There was a spirited controversy between Assistant Secretary Nettleton of the Treasury Department and Chairmen Chandler and Stump of the committees, particularly between the two first named.

Chairman Chandler in questioning Mr. Nettleton sought to place upon Mr. Nettleton the

and accusing the two chairmen of hostility to him.

A still more sensational turn was given the investigation a short time afterward, when Assistant Secretary Nettleton read a letter calling the attention of the Secretary of the Treasury and of the President to the management of the office of superintendent of immigration by Mr. W. D. Owen. In brief the letter said that Mr. Owen was incompetent, thoroughly untrustworthy, guilty of circulating malicious slanders against his superiors, and slipshod in the handling of public moneys. There was also a specific allegation that Superintendent Owen had attempted to secure improper payment of a voucher.

Which it is thought he might have accidentally fallen.

Another theory is that he was foully dealt with, as he is reported to have had a difficulty with an unknown man near his home on the evening of his disappearance. Diffigent search will be instituted to clear up the mystery. Col. Kennedy has another sister, Mrs. Bidwell, wife of Mr. James Bidwell, a wealthy ranchman of California.

The motive is said to be the same as in the case of Caprivi, that the ministry has been discredited by the action of the kaiser in abandoning the educational bill, and that it is therefore necessary, as a matter of honor, for the members of the cabinet who gave either positive or passive support to the bill to resign.
